

SVS-11-09
11/3/2009

TO: ALL ISUZU DISTRIBUTOR & DEALER SERVICE & PARTS PERSONNEL

SUBJECT: COMPLETION OF RADIATOR MOUNTING KIT UPDATE FOR TEREX T25 GENERATOR

MODELS AFFECTED

4LE1PV-02 508 in Terex T25 mobile generator set.

BACKGROUND INFORMATION

This bulletin is a follow-up to the attached SVS-15-08 Service & Parts Bulletin titled "Radiator Mounting Kit Update for Terex T25 Generator". As the originating bulletin announced, there was an update to the radiator mounting kit for the Terex T25 mobile generator set with Isuzu 4LE1PV-02 508 power units, effective with production of units 10/1/2008.

The warranty portion of this update was completed 9/15/2009. All units in the field that may have been covered by the update should have been repaired by 9/15/09.

IMPORTANT

The information from the original bulletin SVS-15-08 still applies. If a customer has the same problem as described in bulletin SVS-15-08 the procedure should be followed to correct the issue at the expense of the customer.

If you should have any questions please contact your Service Representative.

Best Regards,

The ISZAPT Service Team
